HOW WE MAKE IT
[yellow tail] Cabernet Sauvignon is made with grapes sourced from the highest quality vineyards. Once the grapes are crushed and stems removed, they are fermented on skins in contact with oak. Temperature controlled fermentation ensures maximum varietal flavor, color and tannin extraction.

AROMA
[yellow tail] Cabernet Sauvignon is a bright red color with a fragrant nose of primary red fruits and blackcurrants. Aromas of crushed blackberries with sweet mocha also fill the nose.

FLAVOR
Brimming with rich blackcurrant fruit and sour cherry flavors, the wine is mid-weight and displays a soft velvety finish.

ENJOY
With a Sunday roast, family and friends.
