HOW WE MAKE IT

[yellow tail] Sauvignon Blanc is made with grapes sourced from the highest quality vineyards. The fruit is harvested during the cool of the night to retain maximum freshness and flavor. Free run juice is then cold fermented using specially selected aromatic yeast. Once completed, the wine is cold stabilized and filtered to preserve rich aromas and freshness. The wine is then blended with a splash of New Zealand Sauvignon Blanc to add even more flavor.

AROMA

[yellow tail] Sauvignon Blanc is the perfect blend of Australian and New Zealand fruit to bring out the best of both worlds. The Australian fruit brings to light citrus and lemongrass notes with undertones of gooseberry and limes. The New Zealand fruit adds aromas of passionfruit and ripe tropical fruits with a crisp green apple finish.

FLAVOR

This is unmistakably Sauvignon Blanc at its clean, crisp best. Passionfruit combines with grapefruit to create a vibrant, long and fresh palate with crunchy acidity.

ENJOY

Serve lightly chilled as the perfect accompaniment to dishes such as chicken salad, seafood skewers or a simple fruit platter.
