WINEMAKING PHILOSOPHY
Josh Cellars is a negociant brand, so we don’t own a winery or any vineyards, much like some of the world’s greatest chateaux in Bordeaux & Burgundy. We do, however, work with California’s best growers to build a superior wine blend. Our winemaker spent over a decade making sparkling wine at one of the world’s largest and most prestigious champagne houses, where blending distinct lots is essential to making great wine. Those experiences make him uniquely qualified to source and assemble wine blends of great character and complexity, in the signature Josh Cellars style: fruit-forward and rich, with approachable tannins and a long finish.

PROFILE
The nose shows aromatic blueberry and plum backed by pepper and vanilla. On the palate, the wine shows good body, with baked plums and dark cherries, with secondary notes of roasted almonds and hazelnuts, finishing long with fine, soft tannins.

SUGGESTED FOOD PAIRINGS
Legacy’s rich fruit and spice will pair well with anything from the meat aisle. Try with BBQ ribs, leg of lamb, or grilled skirt steak.
